DIGITAL DISPLAY **SYSTEMS**

1.1

FLEXIBLE LED DISPLAYS

Unlike traditional rigid LED panels, flexible LED displays feature bendable PCB (Printed Circuit Board) structures with flexible silicone and rubber components, allowing them to be curved and shaped to fit various surfaces.

PRODUCT DESCRIPTION

Flexible LED displays offer limitless possibilities for creative and unique designs. Their curved, wavy, cylindrical, and circular applications enhance brand visibility and deliver messages in a visually impactful way.

Unlimited Design Freedom
Suitable for concave, convex, wavy, circular, and cylindrical applications.

Lightweight Construction
The lightweight structure allows easy transportation, installation, and maintenance.

Modular & Easy Maintenance
The modular design enables quick installation and convenient maintenance.

Durability & Reliability
High-quality materials ensure long-lasting and reliable performance.

TECHNICAL FEATURES

Seamless Surface Flexibility
Can be used on flat surfaces as well as concave and convex surfaces.

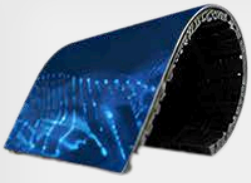

Flexible Installation Structure
Easily adapts to different surfaces, enabling fast installation and dismantling.

High Image Quality
High resolution, wide viewing angles, and vibrant colors provide an impressive visual experience.

PRODUCT VARIATIONS

Curved LED Display

Cylindrical LED Display

1.2 INDOOR & OUTDOOR LED DISPLAYS

Professional LED display solutions offering outstanding performance, high resolution, and a seamless viewing experience in any environment.

INDOOR LED DISPLAYS

High-resolution modular panels (P1.5, P2, P3, etc.) provide excellent image quality in indoor environments.

- **High Resolution**
  P1.5, P2, P2.5, and P3 pixel pitch options deliver sharp images.
- **Vivid & Clear Images**
  High brightness, excellent color accuracy, and contrast performance.
- **Modular & Light Design**
  Easy installation and flexible sizing with a modular structure.
- **Silent Operation**
  Fanless technology ensures quiet and comfortable operation.

INDOOR APPLICATION AREAS

Conference & Meeting Rooms

Shopping Malls & Retail Stores

Stage & Event Venues

OUTDOOR LED DISPLAYS

Durable LED display systems offering high brightness and excellent visibility in outdoor conditions, with reliable performance and long-lasting use.

- **High Brightness**
  5,000–7,000 nits of brightness ensure clear visibility even in direct sunlight.
- **Weather Resistance**
  IP65 protection against rain, dust, and harsh weather conditions.
- **Long Service Life**
  Durable construction and reliable performance for extended use.
- **Front & Rear Service Access**
  Easy maintenance and quick technical service.

OUTDOOR APPLICATION AREAS

Advertising Billboards

Sports Arenas & Stadiums

Outdoor Events

Custom Size Solutions | **High Safety & Stability** | **Energy-Efficient Technology** | **Professional Technical Support**

1.3 LED SOLUTIONS PROFESSIONAL APPLICATIONS

Enhance your brand's visibility in any environment with our LED product solutions tailored to different needs.

LED ROLL-UP

Vertical and mobile LED displays that replace traditional printed roll-up banners with instantly updatable digital content.

- **High Image Quality**
  Vivid colors and high brightness deliver clear, eye-catching visuals.
- **Easy Installation**
  Lightweight, portable design allows quick setup and convenient use.
- **Mobile Use**
  Compact structure enables easy transportation and flexible positioning.
- **Content Management**
  Easily update videos, GIFs, and other digital content.

APPLICATION AREAS

Exhibition Booths

Hotel & Lobby Areas

INTERACTIVE LED FLOOR DISPLAYS

Durable, pressure-sensitive digital floor panels that respond to footsteps and movement.

- **Interactive Experience**
  Motion-sensitive sensors allow users to interact with digital content.
- **Durable Construction**
  Non-slip, impact-resistant, and long-lasting floor panels.
- **Modular System**
  Easy installation, maintenance, and flexible configuration.
- **Vivid Visual Effects**
  Dynamic content creates engaging and immersive visual experiences.

APPLICATION AREAS

Shopping Malls

Events & Product Launches

KIOSKS & INFORMATION DISPLAYS

Professional solutions for exhibition area navigation and interactive digital catalogs.

- **Touchscreen Interaction**
  Intuitive touchscreens allow users to interact directly with digital content.
- **Information & Wayfinding**
  Quick access to directions, products, and service information.
- **Sleek & Modern Design**
  Aesthetic and ergonomic design suitable for various environments.
- **Content Management**
  Remote content updates and centralized management support.

2.2 STAND SYSTEMS

Maximize your impact at trade shows with stand systems tailored to your needs, budget, and brand identity.

MAXIMA STAND

Modern & Prestigious Design

With its thick aluminum profile structure, Maxima creates a strong, modern, and corporate appearance. It attracts attention and maximizes brand visibility, especially in large exhibition spaces.

- **Spacious & Open Areas**
  Its high load-bearing capacity allows wide and spacious areas to be created.
- **Premium Appearance**
  Thick profiles and modern lines create a prestigious corporate image.
- **Integrated Solutions**
  Compatible with LED and lighting systems for seamless design integration.
- **Long-Term Usable**
  Durable construction enables quick installation and long-term use.

OCTANORM STAND

Modular Expo Stand System

The internationally standardized Octanorm system is one of the most preferred exhibition stand solutions thanks to its quick installation and cost-effective structure.

- **Modular Structure**
  Easily adapts to different sizes and configurations.
- **Quick Installation**
  Practical connection components ensure fast on-site installation.
- **Versatile Stand Applications**
  Suitable for flat, corner, and custom stand configurations.
- **Lightweight & Durable**
  Lightweight aluminum construction allows easy transportation and long-lasting use.

CUSTOM-DESIGNED STAND

Tailor-Made Architectural Solutions for Your Brand

Custom-designed wooden stands offer unique architectural concepts, premium materials, and high visual impact, creating distinctive exhibition experiences.

- **Fully Customized Design**
  Creative and aesthetic concepts tailored to your brand identity.
- **Premium Material Quality**
  High-quality wood, metal, and glass materials ensure excellent standards.
- **Unlimited Architectural Freedom**
  Flexible solutions with different textures, shapes, and details.
- **Maximum Brand Visibility**
  Eye-catching designs create a memorable brand experience.

2.3 BACKDROP & POP-UP DISPLAY STANDS

Make your brand stand out in any environment with backdrop and pop-up display systems designed for a wide range of applications.

BACKDROP STAND

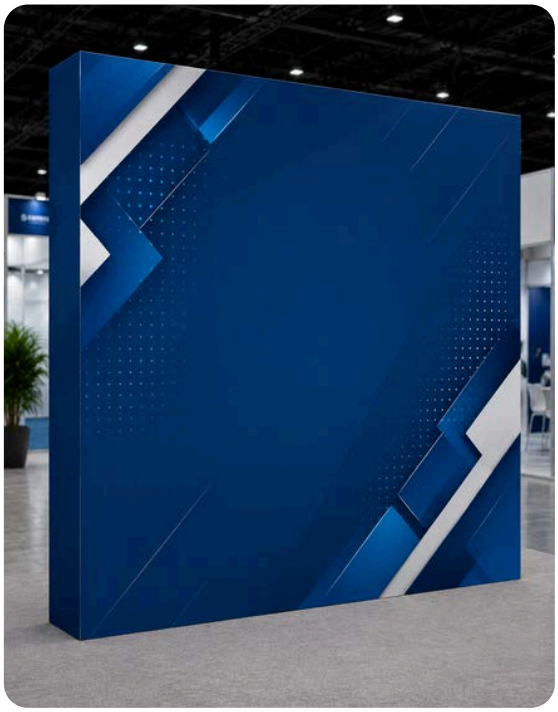

Backdrop stands provide an ideal solution for brand visibility, offering a large graphic display area and quick installation.

Large Graphic Display Area
Provides a wide surface to showcase your brand and message clearly and effectively.

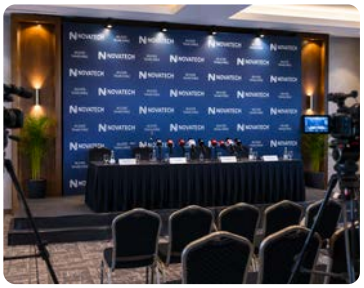

Quick & Easy Installation
Practical installation system allows fast setup without complicated preparation.

Lightweight & Portable
Lightweight aluminum construction makes transportation and storage easy.

Durable Construction
Strong materials ensure reliable performance and long-term use.

APPLICATION AREAS

Press Conferences

Presentations & Seminars

POP-UP DISPLAY STAND

Pop-up display stands offer a powerful visual impact with their modern appearance, easy installation, and portable structure.

Flexible & Durable System
The spider-frame mechanism provides a secure and well-balanced structure.

Large & Eye-Catching Display Surface
A wide graphic area allows your brand to be displayed effectively.

Quick Installation
Practical folding panel system enables fast and easy setup.

Carrying Case & Easy Transportation
A special carrying case allows convenient transportation and use in different locations.

APPLICATION AREAS

Expos & Events

Shopping Malls & Promotional Areas

2.4 RECEPTION COUNTERS & LECTERNS

Create a professional appearance and an effective communication space with reception counters and lecterns that represent your brand at exhibition venues.

RECEPTION COUNTERS

Reception counters are essential elements of exhibition stands, serving as the first point of contact with your brand. Their stylish design, functional structure, and customizable features create a professional welcome experience.

Stylish & Professional Design
Modern and elegant designs represent your brand effectively.

Modular & Functional Structure
Modular solutions adaptable to different sizes and needs.

Integrated Lighting
LED lighting details create an eye-catching appearance.

Storage Solutions
Built-in shelves, drawers, and compartments provide practical storage space.

APPLICATION AREAS

FLAGS & PROMOTIONAL DISPLAY **SYSTEMS**

3.1 BANNER SYSTEMS

Promote your brand effectively with versatile banner systems suitable for any environment.

ROLL-UP BANNER

Roll-up banners are essential promotional solutions, offering quick setup and portability for effective visibility at events.

Spring-Loaded Mechanism
The retractable spring system allows quick setup and compact storage.

Aluminum Housing
A lightweight and durable aluminum base protects the printed graphic during transportation.

Replaceable Graphics
Printed graphics can be replaced when needed for new designs or campaigns.

Professional Presentation
Ideal for creating a professional corporate appearance in lobbies, exhibitions, and meeting areas.

X BANNER

X banners provide maximum visibility in compact spaces with their economical and effective promotional structure.

Flexible Tension System
The flexible arms keep the printed graphic securely stretched at four corners.

Cost-Effective Promotional Solution
A practical banner system suitable for low-budget promotional activities.

Multiple Size Options
A lightweight frame compatible with various graphic sizes.

Compact Transportation
Its foldable legs and arms make transportation and storage easy.

L BANNER

L banners offer a professional appearance with their stylish design, durable structure, and long-lasting performance.

Single-Sided L-Shaped Frame
The L-profile structure keeps the banner upright and stable.

Wide Graphic Display Area
Its slim profile allows maximum visibility for the printed design.

Premium Stand Appearance
Modern design creates a prestigious presentation in corporate environments.

Suitable for Frequent Use
Durable construction enables repeated setup and dismantling.

3.2 FLAGS & BANNER SOLUTIONS

Enhance your brand's visibility in any environment with our flag and banner solutions designed for indoor and outdoor use.

FEATHER FLAGS

Feather flags are eye-catching promotional solutions that provide continuous brand visibility with their wind-resistant structure and stylish appearance.

Aerodynamic Design
Its wind-resistant structure ensures an eye-catching and dynamic display.

360° Visibility
The rotating pole system allows the flag to move freely with the wind.

Modular Base Options
Compatible with ground stakes, metal bases, and weighted bases for different locations.

Reusable Construction
Durable materials allow repeated use over time.

SWALLOWTAIL FLAGS

Swallowtail flags provide an elegant and effective promotional display with their distinctive V-shaped cut and modern appearance.

Stylish Silhouette Design
The swallowtail cut creates a prestigious and eye-catching appearance.

Vertical Display Area
Its elongated shape provides space for logos and promotional graphics.

Fade-Resistant Printing
UV-resistant digital printing helps maintain vibrant colors over time.

Indoor & Outdoor Compatibility
Suitable for exhibitions, retail spaces, and promotional environments.

VERTICAL BANNER FLAGS

Vertical banner flags offer an economical and effective solution for indoor and outdoor advertising and promotional applications.

Double-Sided Printing Option
Single- or double-sided printing options enhance visibility.

Corporate Decorative Use
Creates a professional appearance at offices, showrooms, and event venues.

Custom Size Production
Available in different sizes and lengths to meet specific needs.

Lightweight Hanging System
Easy installation with pole, hanging, or ceiling-mounted systems.

WALL BANNERS

Wall banners provide a professional advertising solution with their large printing area and eye-catching graphics for indoor and outdoor applications.

Large-Format Printing
High-resolution graphics can be applied to large surfaces.

Tensioning & Mounting System
Rope, grommet, and frame mounting options provide secure installation.

Outer & Indoor Applications
It can be used in outside applications, inner halls, expo areas.

Long-Lasting Display
Durable printing materials maintain visual quality over time.

Durable Materials
Long-lasting performance for indoor and outdoor use.

Vivid & Clear Printing
High-resolution graphics and professional printing quality.

Easy Transportation
Lightweight and foldable structures allow convenient transportation.

Quick Installation
Practical mounting components enable fast setup.

Suitable for Any Environment
Flexible solutions for indoor and outdoor applications.

CORPORATE PRINTING & PRINTED **MATERIALS**

4.1 CORPORATE PRINTING & PRINTED MATERIALS

Add value to your brand with professionally designed certificates, achievement awards, and invitations produced with high-quality printing.

CERTIFICATES

Certificates are elegant and prestigious documents suitable for corporate and personal use, with customizable designs.
